01. BRIEF HISTORY OF THE DEPARTMENT

Women's college, Puri was born in 1961 under private college management in Mahavir Prasad Dharmasala in rental basis. The significant factor is, a college was born for women. The college started off with only six students and five lecturers under the principal ship of a renowned professor. It was only a matter of time for the Government of Odisha to take notice and confer upon the college the status of its being a Govt. College in 1965. All honors programs started in 1970. After a long wait, the college moved house to its own campus in 2002. The college will now live up to its mission - of empowering women, providing quality teaching, involving students and staff in community activities, incorporating computer and information technology in to various programs and above all, inculcating in women a sense of gender equality, equal opportunity and self - reliance.

The Department of Logic and Philosophy came in to existence with the Logic in I .A stage from the very inception of the college i.e. 1961.

We believe in quality and not in quantity. Our Honors result is always cent percent. The members of staff take extra care in shaping the character and personality of the students. We use to keep touch with our students not only when they are prosecuting their study here but also with pass out students and help them in career building.
